Memo

The undersigned respectfully begs to state that he did not get his pay for the last month and he was told that it was stopped as his Insurance papers had not been submitted. But he begs to state that his Life Insurance proposal was submitted on the 1st July last seems to have been returned by the Senior Surgeon on the ground that the undersigned has some heart complaint. For the same reason that office refused to grant him a certificate of physical fitness for service. The undersigned used to get his pay regularly till this month. As he has been put to great inconvenience for want of money for the last 20 days, he most respectfully prays for early disbursement of his pay.
